TO-DAY'S ANNIVERSARIES

Born: Sir George Cathcart, 1784.
Died: Charles O'Connor, 1884.
Meyerbeer, 1841.
Francis Green, 1791.
Catherine K. Beecher, 1858.
Capture of Crown Point, 1775.
Union Pacific railroad opened, 1869.

DRIVEN INTO A CORNER.

The times are out of joint for the mugwump. There is no clear sailing for them in the effort to show that Mr. Cleveland was a civil service reformer, and that President Harrison is not. They no longer think they have made a point against the republican administration, and scored one in favor of Cleveland, then some one turns up and knocks the whole business into the soup.

Here is a case in point. When the democratic administration began its glorious work of reform a little over four years ago there was a republican postmaster at Amherst, Massachusetts, named Jones, or instance. Jones was a good man and made a very efficient public servant. Everybody liked him because he was clean-cut and capable. When Mr. Cleveland moved to Washington, he turned ones out of the office because he was a republican, and put Mr. Couch in his place. But this kind of civil service reform was not noticed by the mugwump press. They could not see any violation of civil service rules or broken promises by Mr. Cleveland, when Mr. Couch's term expired the other day, President Harrison appointed a republican to fill the office, which was a wise and timely act. Then the New York Nation, which did not notice the bawling of Jones, a republican, set up a terrible howl because President Harrison would not appoint Couch, the democrat! This bawling caught the ear of Mr. J. F. Ames, a democrat and a supporter of Cleveland, and he thereupon wrote a letter to the Nation in which he gives at mugwump paper a resting in this shape:

What you say of Mr. Couch was really true of him, "he had been a faithful public servant, and had added to the office the principles of civil service reform, retaining the assistance of his predecessor." The Springfield Republican said that, in the matter of counting with the department at Washington, he had stood higher than any other postmaster in Massachusetts, and it is equally true that "this appointment was asked for by nearly all the faculties of the two colleges and by the leading business men, including, if I remember rightly, the president of the national bank and the proprietors of the mills." The signers of his petition were the presidents of the college of the mail matter received by the office, and included both republicans and democrats of prominence. At the time, as now, the first test of what a new president would do under such circumstances was presented in this case. The politicians of the victorious party insisted upon a change, and Mr. Cleveland appointed Mr. Couch, chairman of the democratic committee.

The non-partisan server will perceive that the disadvantage of the comparison rests, if anywhere, on President Cleveland. The former case elicited no protest from the Nation; if the latter is felt to call for one, at any rate cannot justify the form a contrast.

There is always much cowardice in the action of a mugwump, and in this case the Nation tries to crawl out of a very small hole by the following statement: Our files will bear witness to our faithfulness in holding up to public censure current violations of civil service reform principles and pledges "by Mr. Cleveland's postmasters general." Great both, what consistency! Now it tries to row the blame for strangling the civil service in the Amherst case, on poor Jones, and exonerating Cleveland entirely when the Amherst office is a presidential one!

But this is the principle of the mugwump press—to charge all the political sins of Cleveland to somebody else, and charge to Harrison political sins that never committed. This is mugwump consistency.

THE ST. PAUL'S SCHEME.

The Chicago, Milwaukee and St. Paul company has made arrangements for rearing all its bonds drawing five, six and even per cent interest, and will issue instead a new long term bond drawing four per cent. A report from Milwaukee says that inasmuch as many of the old bonds will become due in 1890 and 1891, it is not expected that there will be any trouble in carrying through the new plan. If the plan is carried through successfully, and in view of the short terms of the bonds now out, there is no reason to doubt that it will be known as the masterpiece in the financial management of the Chicago, Milwaukee and St. Paul system. It will effect a saving of one of fully \$1,000,000 a year, and give the securities of the company a solid standing in all the stock markets of the world. It is understood that the term of the new bond will be for 100 years, but the reporter was unable to learn definitely as to this. Not only will the new plan effect the saving mentioned, but a consolidated mortgage bond will simplify the financial operations of the company wonderfully.

There is no doubt that this funding scheme will succeed, and that the bonds can be floated even above par.

A CARD.

All who are suffering from the errors and misdeeds of youth, nervous weakness, early loss of manhood, etc., will send a reply to the writer, FREE OF CHARGE. This remedy was discovered by a missionary in South America. Send a self-addressed envelope to Mr. J. J. T. LEMAY, Station 2, New York City.

spent most of their time together as they did also in New York. Being northwestern men, their interests, likes and dislikes are much in common and they will be found together most of the time, and they will be with President Harrison who has always been a close friend of Windom and is now taking to Secretary Rusk. Windom is one of the finest men socially in public life and it is not surprising that Rusk takes to him and he is bluff old Jerry.

The press should deal kindly with General Butler in his attacks on Admiral Porter. It has been a long time since the general has been in a fight, and he is spoiling for one. For this he is not responsible. It was born in him. He is vacillating and peculiar by nature. He can't enjoy life or be himself unless he is treading on somebody's toes. Of course Butler is ugly, not in appearance only, but in disposition. He has fought almost every public man in the country since the war, and has been a member of all the political parties—republican, democratic, greenback, and labor. He is blatant, vindictive and unmerciful. It is almost a pity, some think, that Jeff Davis's reward of \$10,000 for the best of Ben Butler after he hanged Mumford, was not taken by somebody. But the general's attacks on Admiral Porter will count for nothing, except to bespeak more contempt than ever on Butler.

A very singular suicide took place at Ft. Atkinson on Saturday. The victim of this piece of self-destruction was Mr. C. J. Babbage, a veterinary surgeon. After dinner he took thirty grains of morphine, and was found dead at four o'clock, reclining in a chair. On the floor near the chair was this curious note:

"To the Students at Rush College—You are welcome to my carcass, with this understanding: When you are through with the remains, they are to be cremated and sent to my old mother in England. Respectfully, C. J. Babbage."
"Sulp. Morph. gr. 30."

The saddest part of this story is that Babbage left a wife, and a two week's old child in very destitute circumstances; but it is claimed that she has relatives in Chicago that are well-to-do. Babbage seems to have been a sort of a worthless fellow, and was a slave to the morphine habit.

Dr. Scott, father of Mrs. Harrison, who has been employed in the treasury department for many years as a clerk, has finally been persuaded to make his home at the white house. It took some time before the venerable doctor could be induced to change his boarding place, because, as he alleged, he didn't want to be in the way. But an old gentleman like Dr. Scott is never in the way. He is one of the good souls whom age makes better and better. President Harrison appreciates his father-in-law, and wanted him to enjoy all the comforts of the presidential mansion during the stay of the family in Washington.

A committee of gentlemen has been appointed to count the money and examine the books of the United States treasury incidental to the transfer of the office of treasurer from Mr. Bryant, democrat, to Mr. Huston, republican. The examination will include a count of all the moneys in the treasury vaults, aggregating nearly \$200,000,000, of which \$118,000,000 is in standard silver dollars, \$36,000,000 in gold coin and the remainder in United States notes, national bank notes and silver certificates and fractional silver coin. This is a work of great magnitude, and will take a force of sixty expert counters over four months.

There is so much truth in the recent remark of Dr. Edward Everett Hale, "The public schools at present do not fit children for life; they prepare them for examinations." Then he adds another line or two equally as apt: "Under the old system all that was required of a boy was to learn to read, to speak the truth and fight the devil, and when he learned that he could do everything else." A boy who has been taught these things will practice them, in on the highway to success.

Miss Alice B. Seager, the president's stenographer, the first woman ever employed in any such capacity at the white house, is a native of a suburb of Boston and was famous for her attainments at school. She is related to General N. P. Banks and to Elsie Howe.

Never had a preparation a more appropriate name than Ayer's Hair Vigor. When the capillary glands become clogged by disease, age, or neglect, the hair falls out, and the scalp, so that the hair assumes much of its youthful fullness and beauty.

Why the Opening Was Delayed. WASHINGTON, May 13.—The State department has been informed by the commissioner general at the Paris exposition that the United States industrial section is as far advanced as any and that the delay was caused by the inability of the French administration to complete the interior of the building and furnish steam.

Lord Ashburton at San Francisco. SAN FRANCISCO, Cal., May 13.—Lord Ashburton of England, the Hon. Francis Baring, and Lord Hood and daughter have arrived here from China on the steamer City of New York. Lord Ashburton left England in his yacht last November for Singapore.

An Heiress Elopes. SHEBOYGAN, Wis., May 13.—A sensational elopement occurred here yesterday. Miss Lena Putnam and Patsy Gannon leaving their home in Greenbush and being married at 4 o'clock a. m. The bride is an heiress and a daughter of Lawyer Putnam.

President Harrison's Trip. WASHINGTON, May 13.—President and Mrs. Harrison, accompanied by several members of the cabinet and their wives, went on a trip down the Potomac river Saturday on the Dispatch.

They say the average politician is getting worse talking about tariff and tariff, but he cures his cold every night with Dr. Bull's Cough Syrup, and begins afresh next morning with the lark.

For a disordered liver try Beecham's Pills.

DEATH IN A RUINED HOME.

WIFE, CHILD AND SELF MURDERED IN SUCCESSION.

A Jealous Chicagoan's Deed - Train Wrecker Captured - Arrested for a Murderous Riot.

CINCINNATI, O., May 13.—The most sensational crime, because of its location and victims, that Cincinnati has known for a long period disturbed breakfast Sunday in the elegant Kenilworth flats on West Seventh street. Eighteen months ago Moritz G. Blanc came here from Boston, where he had been the superintendent of a pyrotechnic establishment. He had been shot and wounded in the head, leaving with her two children, but bringing one, Florence, a beautiful child of 6 years. He said he had come from England, and that his father was immensely rich, a statement borne out by the fact that he was regularly in receipt of large sums from England which he spent on the richest clothing and furnishings for his house.

Last August, walking down Fourth street, Blanc was attracted by an unusually pretty woman, with whom he managed to scrape up an acquaintance. The woman was the divorced wife of Charles Overdick, and after a courtship of but a few days the couple were married and began housekeeping at the Kenilworth, the woman having a girl, Edith, about the age of Blanc's daughter. From the first the couple disagreed and soon Blanc became convinced of the wife's infidelity. Blanc would accuse her in the most violent language, then a great love would overcome him and he would forgive his wife.

Friday night, it is said, he traveled her to a notorious house, where she was found with a gaudy man, who escaped. Blanc remained away from his home until Saturday evening, when he returned and quarreled violently with his wife. Finally she declared she would leave him and locked herself in a servant's room. Blanc walked the floor all night.

At 8 o'clock Sunday morning, while Mrs. Blanc's daughter had gone to the street, Blanc stepped into his wife's room and asked if she still intended leaving him. She said yes, whereupon Blanc shot her in the right temple. He then went to a front room and calling Florence by his side shot her while he kissed her. He then shot himself in the right temple. Both he and the child are dead and the woman is dying. Blanc left two letters, one to the public and one to his employer, accusing the gambler of ruining his home.

MURDER AND SUICIDE.

A Sixty-Year Old Man Kills His Bride of Three Months.

CHICAGO, May 13.—Patrick Ford, 60 years of age and a watchman employed in one of Armour's packing-houses, shot and killed his young wife, 23 years of age, this morning, and then put a bullet into his own breast just above the heart. He cannot recover.

The tragedy took place at the home of Mrs. Ford's sister-in-law, at 111 Brown street, where the unfortunate woman had been married but three months, but he and his wife quarrelled and they have not been living together for some time. This morning Ford called on his wife, had a dispute with her, and shot her dead.

It is said that in the interview Ford had with his wife this morning he accused her of infidelity and of going out at night with other men. These charges Mrs. Ford's friends stoutly deny.

ARRESTED FOR MURDER.

The General Passenger Agent of the Maritani River Railroad in Trouble.

NEW BRUNSWICK, N. J., May 13.—Detectives arrested M. H. Hendrickson, general freight and passenger agent of the Maritani River railroad. He is charged with the murder of George Kessinger, who was killed Sunday in the riot at Sagoyville. The charge was preferred by Edwin Furman, whose lands Hendrickson and his men trespassed upon to lay the track. Hendrickson protests his innocence and says that he was not present when the man met his death. It has been reported that Hendrickson led the railroad men, but fled when the fighting began. No difficulty was experienced in making the arrest, very few knowing of the intention of prosecuting Attorney Rice, and no demonstration was made either here or at South Amboy. The prisoner is held without bail.

Pinkerton Captures a Train-Wrecker.

CANTON, Ohio, May 13.—Detective Morris of Pinkerton's Chicago office has arrested here Tom Sadler, an ex-convict, charged with attempting to wreck the limited vestibule New York-Chicago express on the Pittsburgh, Fort Wayne & Chicago railroad. Another party was also arrested whose identity is being held secret for fear it may give warning to others wanted on the same charge, and who are expected. Two attempts were made to wreck the train near here a few nights apart, about a month ago. Rails and ties were strapped on the track, but the train, the sheriff overpowered by farmers living near and removed before the train arrived.

Another Murder Case in Menominee.

GALENA, Ill., May 13.—Information is brought to this city of the death last night of Peter Evan, the farmer of Menominee, this county, who was shot a week ago by Max Vogt, a young man of Fairplay, Wis., for alleged trespass upon land owned by the latter's father. Evan received a ball from Vogt's revolver in his abdomen and is said to have died in great agony. According to the testimony adduced at the examination of Vogt in this city Friday the shooting was entirely unprovoked on the part of Evan.

Desperate Fight With Jail-Breakers.

INDIANAPOLIS, Ind., May 13.—The sheriff this morning was attacked by two prisoners in the jail. Tom Huffman and John Scott, when giving them breakfast. Scott got out, but after several minutes of the most desperate fighting the sheriff overpowered Huffman and threw him into the cell. An hour's chase resulted in the capture of Scott, and he was brought back. In the hand-to-hand melees the sheriff had a bullet in his clothing torn from him, but was not injured.

Cut His Wife's Throat.

ANDERSON, Ind., May 13.—William Keller lay in wait in a dark alley last night for his wife, who had been compelled to leave him on account of his cruelty, and, as she was passing, attacked her with a knife, cutting four gashes in her throat. He then fled, and has not been apprehended. The woman is dying. It is believed that Keller committed suicide.

Young Latimer Sentenced for Life.

JACKSON, Mich., May 13.—R. Irving Latimer was sentenced Saturday morning to State Prison for life for the murder of his mother on January 25 last. Latimer showed the same nonchalance upon sentence being pronounced as he has through the trial.

"But Oh! what damned minutes tell me o'er"

what you suffer, but wait; who withes, yet means; before he makes up his mind to send out for just twenty-five cents worth of Salvation Oil, the pain-cure.

They say the average politician is getting worse talking about tariff and tariff, but he cures his cold every night with Dr. Bull's Cough Syrup, and begins afresh next morning with the lark.

GOVERNMENT CROP REPORT.

Estimates of the Condition of Winter Wheat in the Various States.

WASHINGTON, May 13.—The condition of winter wheat has advanced from 94 to 96, of rye from 93.9 to 96.5. The general average of winter barley is 96.9, of spring pasture 96.6, of moving lands 98.1. The winter wheat of the Ohio valley, while fully maintaining its April position, has had a scant supply of moisture, and fears of future decline of condition are entertained in case of a continued deficiency of rainfall. On the Atlantic slope, the recent heavy rains have obliterated the effects of previous deficiency. The plant is generally green and flourishing, but has not tillered well in localities inclining to dryness. High condition is reported in the South, though rust has appeared upon the wheat blades in some fields. The percentages of condition of States of principal production are: Ohio, 96; Michigan, 92; Indiana, 95; Illinois, 95; Missouri, 98; Kansas, 98; Texas, 88; in the East, New York and Pennsylvania average 96, and Maryland and Virginia 93.99.

Chinch-bugs are reported in Missouri and Kansas, and in some instances elsewhere, without any indication of serious injury. Spring plowing is much further advanced than on May 1 of last year. The percentage of plowing in preparing the seed bed and planting spring crops, not inclusive of after cultivation, which had already been done, is 88.6 per cent, leaving one-sixth to be done in May and June, mainly in Northern latitudes. Last year the percentage was 74.6. The average of a series of recent years has been about 71. This season is, therefore, unusually early. In some cases correspondents speak of delays from heavy rains, from labor of replanting and other causes, preventing still further advancement.

THE DROUGHT BROKEN.

Reports Show that the Rainfall Was General in the Northwest.

CHICAGO, May 13.—The Farmers' Review will print the following crop report: "Considerable drought that has prevailed until recently the reports of our correspondents are more encouraging than might have been expected. In the condition of winter wheat there is a falling off of about 4.5 per cent in all the States covered by our report, with the exception of Michigan, where a gain of 2 per cent has been made since our last report. This is due principally to drought. In two counties in Illinois and one each in Kentucky and Kansas report damage from Hessian fly, while a report from Newton county, Missouri, is to the effect that chinch bugs were never so numerous. Relative to the fruit crop, prospects as a rule are favorable. A number of counties in each State report damage from frost, there being thirteen to 20 report in Illinois. Concerning the rainfall, our reports indicate that previous to May 8 rain was badly needed in all counties in Illinois, Indiana, Kentucky, Iowa, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, Wisconsin, Minnesota and Dakota. In Ohio all counties except four report lack of rain. In Kansas rain had been abundant in five counties. In Nebraska all except three counties needed rain. In Missouri rain had been abundant in many counties in the central and western parts of the State, but other sections had suffered from drought. Since May 8, however, rains have fallen in many places.

TOWNS IN OKLAHOMA.

Kingfisher Already Has Seventy-Five Buildings Complete.

KINGFISHER, Oklahoma, May 13.—Townsite filings for the new towns of Harrison, Frisco, and Reno City have been made at the land office. These towns are situated in the North Canadian valley. Reno City at the east line of the Fort Reno military reservation, and the others about eight or sixteen miles respectively from it. Elections have been held and officers chosen. The Grand Army and Old-Follows have taken steps to organize lodges and will have a hall completed soon. The land office will move 100 feet and the site doubled this week. Seventy-five buildings are erected here and many more contracted for. Lumber is coming in rapidly and prices are reasonable. The storm last night threw down many tents and flooded the lower part of the city. Six firms were obliged to move.

Testing the Charleston's Speed.

SANTA BARBARA, Cal., May 13.—The United States cruiser Charleston was prevented by fog to-day from attempting the four-hour run prescribed by the government. She put to sea, however, during the afternoon, and attained an estimated speed of seventeen knots, her propellers making 101 revolution per minute. It has been determined to run over a course of about eighty miles, extending from Point Conception south to a point below Ventura.

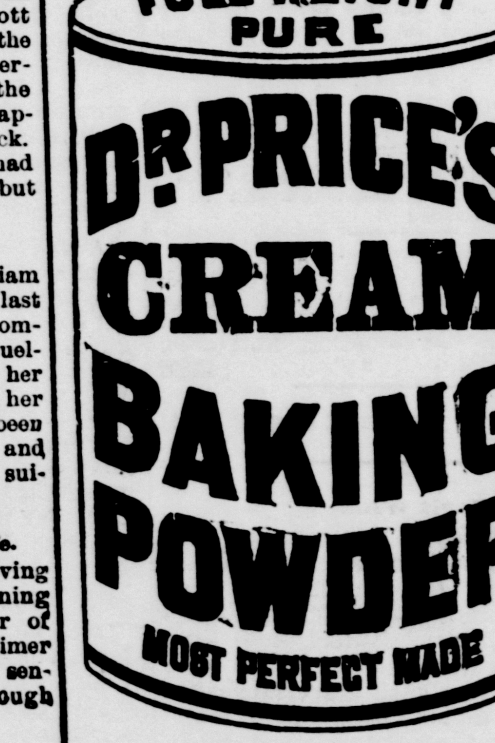

Will Not Give Up the Murderers.

WILKESBARRE, Pa., May 13.—District Attorney Dore has received a letter stating that the Italian government had refused to give up Guicciardi, Bevorino, and Vincenzo Villolla, the arch-conspirators in the perpetration of the murder of Paymaster McClure and Flanagan, his assistant, a year ago, on the ground of their Italian nationality. The Italian officials say that if sufficient evidence is produced the men will be punished on Italian soil.

Weekly Bank Statement.

NEW YORK, May 13.—The weekly bank statement shows the following changes: Reserve, decrease, \$672,000; loans, decrease, \$309,500; deposits, increase, \$2,204,900; legal tenders, increase, \$2,875,100; deposits, increase, \$568,800; circulation, decrease, \$93,600. The banks now hold \$6,972,575 in excess of the 25 per cent rule.

AFFAIRS ACROSS THE SEA

A SUNDAY RIOT AMONG BER-

LIN STRIKERS.

The Military Are Called Out and Fire

Into the Crowd, Killing Women

and Children.

BERLIN, May 13.—The whole garrison

of Dusseldorf is now on duty in the vicin-

ity of the coal mines for the purpose of

suppressing the strike of the striking min-

ers. About midnight last night a mob set

fire to an oil factory at Lierenfeld, which

was consumed. The Mulheim and Duss-

eldorf miners have joined in the strike.

Schleswig a number of pitmen attacked

their foreman with daggers and he had to

fly for his life. A body of infantry ar-

rived there at 3 o'clock this morning, when

the rioters, who had formed into two bod-

ies, took refuge behind a railway embank-

ment and cheered at the troops. Three

times the rioters were called upon to dis-

perse, but they refused to obey. The Al-

ders then fired into the crowd, killing six

persons, one of them a 4-year old child.

A woman was also wounded. After the

firing the mob dispersed. The district

bristies with troops.

The mine-owners held a meeting at

Essen which was attended by Government

officials, and resolved to raise the wages

of the miners, but they finally decline to

concede eight hours as a day's labor.

At a meeting of miners at Essen it was

decided to cease work in forty-two colli-

eries.

We have an interesting stock of Jack-

IN THE HANDS OF TWELVE MEN.

The Curtis-Helling Libel Case Goes to the Jury After Three Days.

Mr. Curtis' Ten Thousand Dollar Claim Soon to be Passed Upon.

Late this afternoon G. W. Curtis' ten thousand dollar libel suit against F. J. Helling, went to the jury.

The first witness on the stand to-day was F. J. Helling, who began his testimony Saturday. He testified that while he gave a report of the Curtis trouble at his hotel to the Hotel World it was entirely different from the report that appeared. Using his short statement for a ground work, he said, the paper had built up a story filling considerably over a column.

At the close of Mr. Helling's testimony the deposition of William Spicer was read, and Frank Stevens was put on the stand for examination. G. W. Curtis was re-examined. At 10:30 the arguments were begun and at half past three Judge Bennett's charge to the jury was finished and the jury retired.

The case of the New Doty Manufacturing Co. against George Turk was taken up at once and is still unfinished.

BRIEFLETS.

—Furnishing goods go at cost at Webster's.

—Miss Lizzie Kemnitz is visiting friends in Duluth.

—Only a Country Girl, at Lappin's opera house this evening.

—A fine line of late styles in spring and summer hats at cost, at Webster's, tailor.

—A two year old son of Mr. and Mrs. Frank Churchill, of the town of Cent, died of measles last night.

—Miss Marion Bostwick who has been at the point of death from typhoid fever has now wholly recovered.

—Hon. Alex. Graham has been invited and accepted an invitation to deliver the oration on Memorial Day at Austin, Nevada.

—Crystal Temple of Honor No. 32 assembled in regular weekly meeting this evening—Lodge room in the Judah block, North Main street.

—Send your Battles and Leaders of the Civil War to the Gazette bindery. It will put them up in nice style of binding at reasonable rates.

—Janesville Lodge No. 55, F. and A. M., assembled in regular semi-monthly communication this evening. Work in the M. D. Craft cordially invited.

—Theodore Guernsey and bride spent Sunday in the city. They left at noon to-day for their new home in Chicago, accompanied by Mrs. S. C. Guernsey.

—An adjourned meeting of the Janesville Business Men's Association will be held this evening—rooms in the Phebus block, West Milwaukee street.

—E. J. Reed, formerly with Charles Wisch and more lately in the Park barber shop, has opened a barber shop on Milwaukee street under Cunningham's saloon.

—F. J. Helling will, in September, take the management of the Hotel Vendome, the handsome family hotel now being built near the entrance to Lincoln Park in Chicago.

—Rock Legion, Select Knights, Ancient Order of United Workmen, assembled in regular semi-monthly meeting this evening—Lodge room in the Smith block East Milwaukee street.

—Miss Tina Pellar will open a dress-making establishment on the 13th, in the rooms formerly occupied by Miss Drew, No. 14, South Main street, on same floor with Dr. E. E. Loomis' office. She will be pleased to meet her lady friends. Satisfaction guaranteed.

—The Andrew's Opera company that made an effort to appear in Janesville under the auspices of a local society will play "Erminie" in Rockford, May 22d. The same opera will be given in Beloit, three hundred and fifty tickets having been guaranteed in one day.

—This morning Mr. E. B. Heimeister, placed a school of large gold-fish in the basin of the court house fountain. The beautiful little shiners will no doubt do well, as they will have plenty of room and healthy water. They will attract as much attention as the rainbow trout of the corn exchange basin.

—Miss Jennie Hayes' nineteenth birthday was happily observed on Saturday evening, a company of young friends being very pleasantly entertained at Miss Hayes' first ward home. Among those present were George A. Hayes and Messrs. Rowe and Evans, all of whom returned to Chicago this morning.

—Some fellow occupying rooms in the Williams' block on East Milwaukee street, started the surrounding neighborhood about midnight last night by firing six or seven shots in rapid succession. He says a cat convention in session in the rear of the block was the cause of the shooting, but as no cat is missing some appear to doubt his story.

—You can buy choice creamery butter, put up in one pound packages, for 15 cents, and fresh butter for 2 cents per quart, both delivered by G. A. Shurtliff. He also makes and delivers the best ice cream in the city for 40 cents per quart. The public will be supplied with call cards within a day or two. Hang out the "Shurtliff" card when in want of anything in his line.

—A bright and successful paper is the Michigan Copper Herald of which Frank B. Phelps, of this city, is editor. As a sort of a birthday present in honor of entering upon his sixth year the Journal presented itself with a new dress of attractive appearance. Other improvements are made as well, and altogether the Journal gives promise of much good for readers and friends.

—Manager Moseley may still have heart of hope. He missed his evening with Bill Nye and James Whitcomb Riley, but there is a chance of his getting something to make up for it. Nye and Riley made a date and contract to appear at Fort Dodge, Iowa, but they failed to come to time and suit was brought for damages for non-fulfillment of contract. Judgment \$348 and costs, for the plaintiff.

—George E. Denniston, son of J. A.

A CHANGE IN THE WATER WORKS.

T. T. Croft is Superseded as Superintendent by J. C. Howe.

Something Concerning the Extension of Water Mains in the Near Future.

T. T. Croft stepped down from his position as superintendent of the Janesville Water Company to-day. Rumors have been floating for two or three days that Supt. Croft had resigned his position, and that he had accepted a position in a railway office in Kansas City, and a representative of the Gazette called on Mr. Croft this morning to ascertain the facts.

"Yes, I have resigned as superintendent," said he, "but I am not going to Kansas City nor to railroad business. I sent my resignation to Boston on April 23d, and requested the company to have a man here to take my place by May 1st, as I had another thing on my mind which would pay me better than this—that is, I am going out to look the business over, and if I find it as it has been represented, why, it is a go. If not, I have a thing or two to do in Omaha, and another in Omaha, one which I shall accept. I shall stay around here a few days, and then light out."

"Who is your successor as superintendent of the water works?"

"Mr. J. C. Howe, of Bath, Maine. He arrived here on Saturday morning with his wife. He is a young gentleman possessing considerable experience, having been connected with several plants in the east."

At this point Mr. Croft introduced the reporter to Mr. Howe, as the new superintendent, who was behind the desk attending to business matters. Mr. Howe is a young man about thirty years of age, of pleasing address, and gentlemanly appearance, and somewhat of a "bustler" in business matters. He is favorably impressed with the appearance of the city, and thinks he will be even better pleased as he becomes acquainted with our people.

Regarding the laying of the water mains as ordered by the common council last fall, Mr. Croft said there was some mistake somewhere. Mr. Howe understood the pipe to be on the ground, and was surprised that it was not here, but was sure it was on the road. The pipe would be laid at once, except that on Hickory street, and the extension ordered on Jackson street south into Forest Park. Mr. Croft said he had informed the people on Hickory street that before a water main could be laid on that street at least three feet on the crown of the hill at Michael Murphy's residence, would have to be removed, when this was accomplished in all probability the company would lay the pipe, but could not do so now and in a short time be compelled to take it up to allow the street or hill to be cut down.

"It is even worse over on Jackson street," said Mr. Croft. "You see here is a newly graded street with a twenty foot fill through which the company is ordered to lay a six-inch pipe. Now suppose the pipe is laid and it should settle two or three inches in that fill. A break is the result, and a general washout clean down to Main street. I think if the pipe goes into Forest Park it will be through some other street. Perhaps, those interested in the extension will see it in this light, and not insist longer on such unnecessary risks."

Mr. Croft has had charge of the water company affairs in this city since September 1st, 1887, and did much of the work during the finishing of the plant. His many friends, while regretting his withdrawal from the company and from the city, will wish him full measure of success in whatever he may undertake.

FITTING UP CAMP GROUNDS.

EVERYTHING BEING MADE READY FOR THE FIRST REGIMENT'S OUTING.

When the First Regiment pitches tents in Camp Douglas, matters will be very pleasantly arranged for their reception. Laborers have been at work for some time grubbing out the brush and leveling things generally. They have cleared a strip forty rods wide from the 600 to the 200 yards firing point, including the hill where the rifle-camp was last summer. The range has been extended by clearing west to a point 1,000 yards from the pit, and the intention is to clear as far as the Omaha railway track. At only one point on the range is there any depression which would give any inconvenience in a wet season, and that can be remedied with the expenditure of a few dollars. In this particular the ground exceeds the expectations of the officers who located it last fall, and practically demonstrates that Wisconsin has the best rifle range in the United States.

The tract south of the range and east of the camp is in splendid condition for battalion drill, and is fully equal to the Ripon grounds, which were so highly praised when the Second regiment encamped there last summer.

North of the range is a tract of 200 acres, admirably fitted for skirmish drill, and the field work in modern tactics takes the place of the old-time sham battle.

There is a well 34½ feet deep at the pit, and the water, which comes through 24 feet of rock, is pure and wholesome. Eight other wells are to be sunk at various points on the grounds.

SHE SAYS HE FOUND HER.

JOHN BROWN CHARGED WITH CARRESSING MRS. BROWN TOO HARD.

John Brown will have a chance to tell the municipal court to-morrow what he meant by striking his wife. The Browns live on Franklin street and Saturday evening Mrs. Brown went out, as she says, to visit with one of the neighbors. It was about eight o'clock and she stayed longer than her better half thought right. When she came back, she says, he struck her in the face and otherwise tried to convince her that going away from home was wrong. Consequently she wants Mr. Brown to sit for a short time in the shadow of the law.

CITY DIRECTORY.

The Gazette has in stock a few copies of the Curtis City Directory published in January last, that will be sold for \$1 each. If you want a good directory cheap, now is the time to secure it.

THE RELIEF CORPS.

W. H. Sargent Woman's Relief Corps No. 21, will meet in regular session Tuesday, May 14 at 2:30 p. m. at Post Hall.

It is desirable that all members, as far as possible, be present.

M. B. MILLMORE, Pres.

ADVISE TO MOTHERS.

Mrs. W. W. Sargent's young child died last week. The child was very healthy and was used for children's teaching. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for

THE MIFLE MEN ARE MAD.

THEY SAY THEY CAN LEAVE JANESVILLE WAY OUT IN THE COLD.

Beloit militia men write to the Milwaukee Journal as follows: Janesville papers try to belittle the company's rifle team because they were defeated in a contest with veteran expert riflemen who used fancy rifles, but our company inspector of small arms practice says he will produce a team that will be more than glad to meet anything Janesville will send down with "Springfields" on their shoulders, and feels confident that the result of such a meeting will cause the aforesaid papers to set their "wind" gauge in another direction.

Sergt. L. L. Farmer won the prize gallery rifle contest Saturday by a score of 22 out of 25 points. Position, prone; shots elevated to 500 yards; reduced cartridges.

At a squad range shoot held on April 30, the best score on ranges up to 300 yards was 21, and the poorest 14, out of a possible 25.

The shoots being held for the Dahlberg medal will take place on every Saturday evening hereafter until the series is completed. This move is made in order that gallery instruction can be completed before the season for practice on the range opens.

A QUESTION OF WEIGHTS.

THE FLAG BROTHERS THINK THEY ARE 1200 POUNDS OF LEAF SHORT.

"We sold him 905 pounds of tobacco, and he refuses to pay for more than eight thousand."

Thus complained James and Jacob Flegg, of the town of La Prairie, to Justice Pritchard this morning. The man complained of was J. P. Wolf, the well known tobacco dealer.

Flegg Brothers say that they sold the Wolf the tobacco last February at five cents a pound, but that he had held back \$65 from them on inaccurate weighing. The case was called up for trial this morning, but was continued one week.

TRADING HORSES.

A PARTY OF SOUTHERN TOURISTS MAKE A BRIEF HALT IN JANESVILLE.

This morning a party consisting of four families occupying five wagons—four being covered—arrived in the city. The party hailed from East St. Louis, and are bound for Northern Wisconsin. They are well supplied with horses, and their business appears to be horse trading. They made one or two trades while in the city. Their horses are rather thin in flesh, and some of them show unmistakable signs of hard service.

Dyspepsia causes depraved blood, which in time, affects every organ and function of the body. As a remedy for these troubles, nothing can approach Ayer's Sarsaparilla. It vitalizes the blood, strengthens the stomach, and corrects all disorders of the liver and kidneys.

TOBACCO WALKS.

Sales of Seed Leaf tobacco reported by J. S. Gans' Son & Co., Tobacco Brokers, No. 131 Water street, New York, for the week ending May 12, 1889.

100 cases crop of 1888, Wisconsin Havana, 41 cases, crop of 1888, Pennsylvania Havana for export.

200 cases, crop of 1888, Pennsylvania Seed, 10 to 14½ cents.

100 cases crop of 1887, New England Seed Leaf 15 to 30 cents.

140 cases, crop of 1887, New England Seed Leaf 15 to 30 cents.

20 cases, crop of 1887, Wisconsin Havana, 10 to 14½ cents.

150 cases, crop of 1887, Wisconsin Havana, 10 to 14½ cents.

Total, 1271 cases.

DON'T GIVE UP THE SHIP.

You have been told that consumption is incurable; that when the lungs are attacked by this terrible malady, the sufferer is past all help, and the end is mere question of time. You have noted with alarm the unmistakable symptoms of the disease; you have tried all manner of so-called cures in vain, and you are now despondent and ready to give up the word. But don't give up the ship while Dr. Pierce's Golden Medical Discovery remains untried. It is not a cure all, nor will it perform miracles, but it has cured thousands of cases of consumption, in its earlier stages, where all other means had failed. Try it and obtain a new lease of life.

ATTENTION! M. A. A. O. U. W.

Every member of Rock Legion No. 10, is requested to attend a special meeting of the order in the A. O. U. W. hall this evening at eight o'clock sharp. Every member should be present as business of vital importance will come before this meeting. J. W. THAYER, Commander.

Seemingly Evident.

With repeated and powerful doses of quinine, chills and fever, in some of its various forms, springs into active existence again, often without the slightest apparent provocation. To extinguish the smoldering embers of this obstinate and recalcitrant malady, no less than to order the stomach, liver and bowels, Hostetter's Stomach Bitters is an efficient. When every resource of the pharmacist has been exhausted against it in vain, the Bitters conquered and removed every lingering seed of it. Nay, more, the Bitters will protect those brought within the influence of the atmospheric poison that besets malarial diseases, from its attacks. Disorders of the stomach, liver and bowels, are among the complaints to be apprehended from the use of miasma tainted water. These are both cured and prevented by the Bitters. Rheumatism, constipation and renal complaints, yield to its action.

"My love, what magic spell is thrown upon me? I feel that I am in love. Whence came thy pure and peerless teeth? Thy ray lips! Thy perfumed breath! She said, in accents sweet and clear, 'It is only SOZODONT, my dear.'"

TODD'S

"BURTON & INDIA PALE ALES" are acknowledged by judges to be superior to the Imported English Ales. They have the virtue of being strictly pure—nothing save malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive and restorative properties those ingredients are known to possess are found judiciously blended in these brands of ale.—Brewery east end Milwaukee St. bridge.

Dr. B. MINOR, the eminent optician of Detroit, Mich., will visit every town in this county during the summer. Any one suffering with weak eyes, or eyes abused by inferior glasses, should not fail to see him. Orders left at the post-office will be promptly attended to. No extra charge for examine or visiting patients at their homes.

Pearl's is the purest and best soap ever made.

140 cases, crop of 1887, New England Seed Leaf 15 to 30 cents.

20 cases, crop of 1887, Wisconsin Havana, 10 to 14½ cents.

150 cases, crop of 1887, Wisconsin Havana, 10 to 14½ cents.

Total, 1271 cases.

DON'T GIVE UP THE SHIP.

You have been told that consumption is incurable; that when the lungs are attacked by this terrible malady, the sufferer is past all help, and the end is mere question of time. You have noted with alarm the unmistakable symptoms of the disease; you have tried all manner of so-called cures in vain, and you are now despondent and ready to give up the word. But don't give up the ship while Dr. Pierce's Golden Medical Discovery remains untried. It is not a cure all, nor will it perform miracles, but it has cured thousands of cases of consumption, in its earlier stages, where all other means had failed. Try it and obtain a new lease of life.

ATTENTION! M. A. A. O. U. W.

Every member of Rock Legion No. 10, is requested to attend a special meeting of the order in the A. O. U. W. hall this evening at eight o'clock sharp. Every member should be present as business of vital importance will come before this meeting. J. W. THAYER, Commander.

Seemingly Evident.

With repeated and powerful doses of quinine, chills and fever, in some of its various forms, springs into active existence again, often without the slightest apparent provocation. To extinguish the smoldering embers of this obstinate and recalcitrant malady, no less than to order the stomach, liver and bowels, Hostetter's Stomach Bitters is an efficient. When every resource of the pharmacist has been exhausted against it in vain, the Bitters conquered and removed every lingering seed of it. Nay, more, the Bitters will protect those brought within the influence of the atmospheric poison that besets malarial diseases, from its attacks. Disorders of the stomach, liver and bowels, are among the complaints to be apprehended from the use of miasma tainted water. These are both cured and prevented by the Bitters. Rheumatism, constipation and renal complaints, yield to its action.

"My love, what magic spell is thrown upon me? I feel that I am in love. Whence came thy pure and peerless teeth? Thy ray lips! Thy perfumed breath! She said, in accents sweet and clear, 'It is only SOZODONT, my dear.'"

TODD'S

"BURTON & INDIA PALE ALES" are acknowledged by judges to be superior to the Imported English Ales. They have the virtue of being strictly pure—nothing save malt and hops, and of the choicest quality, enters into their composition. Consequently all the nutritive and restorative properties those ingredients are known to possess are found judiciously blended in these brands of ale.—Brewery east end Milwaukee St. bridge.

Dr. B. MINOR, the eminent optician of Detroit, Mich., will visit every town in this county during the summer. Any one suffering with weak eyes, or eyes abused by inferior glasses, should not fail to see him. Orders left at the post-office will be promptly attended to. No extra charge for examine or visiting patients at their homes.

Pearl's is the purest and best soap ever made.

BISHOP KNIGHT'S FIRST VISIT.

The New Bishop of the Milwaukee Diocese Greets His Friends in This City.

Confirmation Services at Trinity and Christ Churches Yesterday.
